Date: 2024-10-25

Diagnosis done by: Thushara Wicramasingha

Medical Diagnosis:

- The patient reports persistent nasal congestion, which has been unresponsive to over-the-counter decongestants and antihistamines. She describes frequent postnasal drip, a sensation of fullness in the face, particularly around the cheeks, and a dull, aching pain over the sinuses, worse in the morning. She also experiences occasional headaches and has noticed reduced smell and taste.
